

# Accountant

## The Challenge

Provide accounting services to departmental business units to support the delivery of high quality services to the community and performance management processes, while meeting corporate governance requirements for the public sector.

## The job

Accountants in NRETA may fill a variety of roles in the department, but their duties would normally include elements of management and financial accounting and may include:

- Monthly and annual financial reporting
- Performance reporting and analysis of results
- Budgeting
- Accounting for government infrastructure
- Involvement in the management of accounts payable, accounts receivable and asset management
- Taxation compliance (GST, FBT)
- Accounting policy development
- Accounting and business system reviews

## What we offer

- Exposure to the challenging environment of public sector accounting
- Ongoing training and development, including support for professional development activities
- Opportunities for advancement
- Excellent employment conditions
- Six weeks annual recreation leave

## What you will need

- A degree or diploma in a business related discipline
- Membership of a professional accounting body preferred
- Well developed analytical and communication skills
- Relevant experience for the position
- Management and leadership potential
